

triniti™

There are three conditions that combine to make all of us look older than our years:

Color- Those pesky brown sun spots and broken blood vessels causing visible redness.

Laxity- Sagging skin, baggy eyes, jowls.

Wrinkles- Smile lines, crows feet, mouth wrinkles.

Wouldn't it be nice if there was a therapy that treated all those things at once? Something that could turn back the clock on your skin? Make you look like a younger you?

Well now there is! Total Facial Renewal with triniti™!

A series of no-downtime treatments that treat all three signs of aging:

ColorCorrection

SkinTightening

Wrinkle Treatment

Improve skin clarity, texture and wrinkles on your face without surgery. The triniti™ skin series combines three of today's most effective technologies to achieve total facial renewal. Save time and get beautiful results in just 3 to 5 sessions!

Each triniti™ treatment session includes:

1. elōs™ Color Correction treats spider veins, age spots, uneven skin tone and sun-damaged skin.

2. Refirme™ Skin Tightening targets telltale signs of aging, including: jowl and neck laxity, sagginess under the eyes, saggy brow lines, and nasolabial folds.

3. Matrix IR™ Fractional Wrinkle Treatment resolves wrinkles, and skin texture becomes smoother and more elastic.

Give yourself a more youthful appearance!

How does it work?

The 3 treatment technologies of the triniti™ skin series – color correction, skin tightening and wrinkle treatment – feature combined bi-polar radio frequency and light energies which precisely heat tissue within the targeted treatment area to stimulate improvement within the skin.

How many office visits are required?

triniti™ saves time compared to other treatment programs by offering color correction, skin tightening and wrinkle treatment all in a single office visit. Typically 3-5 visits are required to complete the triniti™ program.

Does it hurt?

Most patients easily undergo the procedure. In addition, topical anesthetic cream and external cooling can be used to increase your comfort level. Many patients return to normal activities immediately after treatment.

When can I expect to see results?

Most people see a gradual and continual improvement over the course of their treatments. During your initial consultation, your medical practitioner will personalize your treatment schedule for maximum results.

Is it safe?

Treatment is safe and effective for most skin types and skin colors.

How long is the treatment duration?

Total triniti™ treatment time is 45 – 60 minutes. If the neck is also treated, allow an additional 15 – 30 minutes. Typically three sessions spaced three to four weeks apart are performed. One touch-up session may be needed every six months.

elōs™ Skin Rejuvenation

Freckles

Age Spots

Sun Damage

Spider Veins

Safely and comfortably fade the appearance of skin imperfections caused by the sun, and uneven skin tones caused by brown and red spots (such as rosacea, spider veins and age spots). We're proud to offer **elōs™**, the first and only technology that uses combined energies to effectively and gently restore and rejuvenate the appearance of your skin.

How does skin rejuvenation with elōs™ work?

The combined bi-polar radio frequency and light energies of **elōs™** technology precisely and safely target pigmented lesions such as freckles, sun spots and age spots. Vascular lesions such as spider vessels and redness from rosacea are also lightened and gradually fade.

Is skin rejuvenation with elōs™ right for me?

elōs™ is an effective treatment for most skin types.

When can I expect to see results?

Gradual and cumulative improvement of skin tone is typically achieved in 5 treatment sessions. The total number of required treatment sessions depends on your skin's condition. Schedule a consultation to establish your personalized treatment schedule.

Does it hurt?

Cooling of the skin surface ensures additional safety during treatment. This is a no-downtime procedure. Many patients return to normal activities immediately after treatment.

How much does it cost?

Treatment costs vary. Schedule a personalized consultation for more details.

Matrix IR™ Fractional Wrinkle Treatment

Wrinkle Treatment
Fractional Technology
Safe
Effective
Non-Surgical

Smooth out the lines of time. The Matrix IR™ Fractional Wrinkle Treatment procedure, featuring revolutionary **elōs™** technology, enables you to comfortably achieve a more youthful appearance without downtime. We're proud to offer the first and only technology that uses combined energies to effectively and gently treat mild to moderate wrinkles. **elōs™** is truly the next generation of safe and effective wrinkle treatment technology. Look as young as you feel. Schedule a personal consultation today.

How does elōs™ Fractional Wrinkle Treatment work?

The combined energies of **elōs™** technology precisely heat the connective tissue within the target treatment area. This stimulates collagen production and produces a younger appearance in the skin. Mild to moderate wrinkles are reduced, and the texture of your skin becomes more smooth and elastic.

When can I expect to see results?

Most patients start to notice improvement of wrinkles in 2-3 treatment sessions. Some patients note improvement even after the first treatment. The total number of required treatments depends on your skin's condition.

Is elōs™ Fractional Wrinkle Treatment right for me?

elōs™ Fractional Wrinkle Treatment is a safe and effective solution for most skin types.

Does it hurt?

Most patients undergo this procedure easily. In addition, topical anesthetic cream and external cooling can be used to increase your comfort level. A built-in cooled treatment tip ensures constant skin-surface protection during the treatment. Many patients return to normal activities immediately after treatment.

How much does it cost?

Treatment costs vary. Schedule a personalized consultation for more details.

ReFirme™

Achieve Tight & Firm Skin

Safe

Effective

Non-Invasive

elōs™ Technology

Achieve tight & firm skin without downtime. The Refirme™ skin tightening procedure features revolutionary **elōs™** technology to comfortably achieve a more youthful, tightened and toned appearance without downtime. We're proud to offer **elōs™**, the first and only technology that uses combined energies to effectively and gently tighten your skin.

How does Refirme™ skin tightening work?

The combined bi-polar radio frequency and light energies of **elōs™** technology precisely heat the dermal tissue within the target treatment area. This stimulates collagen production and produces a firming effect in lax skin. Fine wrinkles are reduced, noticeable lifting can be observed and the texture of your skin becomes smoother, more luminous and toned.

When can I expect to see results?

Most patients see gradual and cumulative results throughout the Refirme™ skin tightening treatments. The total number of required treatment sessions depends on your skin's condition. Schedule a consultation to establish your personalized treatment schedule.

Is Refirme™ skin tightening right for me?

elōs™ technology enables Refirme™ skin tightening to be a safe and effective solution for all skin types.

Does it hurt?

Refirme™ is a gentle, comfortable treatment requiring no downtime. Many patients return to normal activities immediately after the treatment. Cooling of the skin's surface provides enhanced safety and additional comfort.

How much does it cost?

Treatment costs vary. Schedule a personalized consultation for more details.

VelaShape™

Cellulite Treatment & Circumferential Reduction

The ONLY non-invasive therapy FDA-approved for BOTH cellulite AND circumferential reduction.

Treat yourself to a smoother, sexier figure!

VelaShape™ contours, shapes and slims the body by improving cellulite and reducing circumference in as few as 5 treatment sessions. VelaShape™ is cleared by the FDA and provides dramatic results without downtime or significant discomfort. The secret behind VelaShape™ is that it is the first and only technology that combines **elōs™** with vacuum and tissue manipulation to reduce the volume and appearance of fat tissues.

How quickly will I notice a change?

Gradual improvement of the treated area can be seen following the first treatment – with the skin surface of the treated area feeling smoother, firmer and tighter. Results in circumference reduction are seen from the first to second session and cellulite improvement is noticed in as few as 5 sessions.

How many inches can I reduce from my circumference?

In clinical studies, patients report an average reduction of 1 inch post treatment. In clinical trials, the average range of circumferential reduction was 0.5 - 3 inches.

Is treatment safe?

Treatment is safe and effective for all skin types and colors. There are no reported short- or long-term health effects.

Does it hurt?

Most patients find VelaShape™ comfortable – like a warm deep tissue massage. The treatment is designed to accommodate your sensitivity and comfort level. It is normal to experience a warm sensation for a few hours post treatment. Your skin may also appear red for several hours.

Are results permanent?

Following your complete treatment regimen, it is recommended to get maintenance treatments periodically. Like all non-surgical or surgical techniques, results will last longer if you follow a balanced diet and exercise regularly.

elōs™ Hair Removal

Safe

Effective

All Skin Types

Most Hair Colors

Effective, gentle & safe hair removal. Say goodbye to unwanted hair growth on all body areas including: upper lip, cheeks, chin, neck, breasts, stomach, arms, shoulders, bikini area, legs and back. We're proud to offer **elōs™**, the first and only technology that uses combined energies to effectively and gently remove hair of many colors and types from all skin tones. **Elōs™** is truly the next generation of safe and effective hair removal technology. Achieving beautiful, silky smooth skin is now easier than ever.

How does hair removal with elōs™ work?

Hair follicles are precisely targeted and destroyed using the revolutionary **elōs™** combination of bi-polar radio frequency and light energies.

Is hair removal with elōs™ right for me?

Both men and women can achieve permanent hair reduction on almost all body areas. Only **elōs™** is proven to remove lighter colored hair, on all skin tones. To achieve a successful outcome on lighter hair colors, more treatments may be needed compared to darker hair colors.

When can I expect to see results?

Hair growth is reduced after each treatment. The number of treatments required will be based on your hair color and type, body area, and skin tone.

Does it hurt?

Cooling of the skin surface as well as constant measurement of the skin's resistance ensures safety and comfort during treatment. This is a no-downtime procedure. Many patients return to normal activities immediately after treatment.

How much does it cost?

Treatment costs vary. Schedule a personalized consultation for more details.
